PRO-ACTIVE XCO, Art. 18147

**Shock Absorbing, Highly Supportive, Orthotic for All Sports and All Weather: Walking, Running, Tennis, Skiing, Snowboarding and Everything Else.**

PRO-ACTIVE XCO provides SHOCK ABSORPTION and serious ORTHOTIC SUPPORT for all active pursuits:

PRO-ACTIVE XCO is made from a special new material that employs high-tech foam containing millions of closed cell, micro-air chambers that provide shock absorption and insulation.

PRO-ACTIVE XCO is made of pioneering breathable membranes. These high-tech materials keep moisture out while carrying moisture from inside the shoe to the outside.

PRO-ACTIVE XCO supports the foot (and body) with:

- ✓ Semi-rigid orthotic that covers the entire plantar fascia area including the longitudinal arch.
- ✓ Metatarsal pad.
- ✓ Heel cushion.
