

**The special foot support for "hollow feet"**

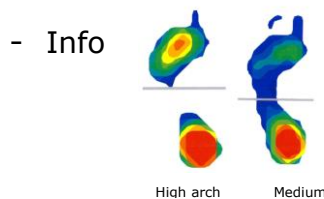

- ① Finest Vegetable Tanned Leather
- ② Active carbon filter
- ③ Heel cushion
- ④ Metatarsal pad
- ⑤ High Semi-Rigid Arch and Plantar Support

- ① *The finest, durable, vegetable tanned leather actively breathes, absorbs moisture and provides a pleasant and hygienic microclimate in the shoe*
- ② *The latex-free special active carbon with highly efficient filtration neutralizes foot odor, lets the foot breathe, provides optimal foot hygiene*
- ③ *The heel pad absorbs shock and relieves the heel, joints, hip, spine and neck*
- ④ *The metatarsal pad prevents splayfoot and alleviates symptoms of splayfoot*
- ⑤ *The extra high, semi-rigid, anatomical shape efficiently supports the longitudinal arch and prevents symptoms of fatigue*

**Sizes available**

36 – 46

- ▶ 20 to 25% of the population own a pronounced high longitudinal arch (hollow feet).
- ▶ VIVA HIGH prevents load fatigue, minimizes pressure points

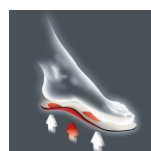

- Feel the difference

- ▶ Feel the comfort: put one foot support into the left shoe and let compare left and right.
- ▶ Air after each use

- Benefits

- ▶ If you have a hollow foot the whole body weight rests on a surface which is smaller than a playing card. This excessive pressure will be comfortably reduced by VIVA<sup>®</sup> HIGH
