

**The active foot support for work and outdoor boots & shoes**

- ① Durable, anti-abrasive top
- ② Active carbon filter
- ③ Jute felt + non slip
- ④ Heel cushion
- ⑤ Metatarsal pad
- ⑥ Semi-rigid arch & plantar support

- ① Hard-wearing, anti-abrasive surface is kind to the skin & particularly durable
- ② Latex-free special active carbon with highly efficient filtration effect neutralizes foot odour, let the foot breathe, provides optimal foot hygiene
- ③ Natural jute felt is actively breathing, highly absorbent and balances temperature – for an excellent microclimate under high performance
- ④ Heel pad provides shock absorbing, relieves the heel, joints, hip, spine, neck
- ⑤ Metatarsal pad prevents and alleviates symptoms of spreading forefoot arch
- ⑥ A shaped design efficiently supports the longitudinal arch and helps prevent fatigue

**Sizes available** 36 – 48

- When & how to offer? ► Feel the comfort: put one foot support into the left shoe and compare left and right. Feel the arch support, metatarsal pad and heel cushion.
- Arguments ► Wear it in outdoor shoes – Increase endurance and enjoyment.  
► Keep active longer: Prevention is better than cure.
- Tip ► Please air after each use!
